www.WittkoppAngus.com

Welcome to our 2022 annual production sale! We are strongly considering a rebranding effort to change our name to the 'Arctic Blast Sale' since we seem to see impressive low temperatures every year! That being said, we are continuing to offer the sale live with Frontier Live Sales so one can bid from the easy chair or the feed truck if sale day is a bit brisk.

We still love to see all of our customers and will continue to offer bull viewing at the Glasgow Stockyards along with a tasty lunch, so those who can make it please come early and join us for lunch beginning at 11:30, with the sale starting at 1:00 p.m.

The 80 registered yearling bulls offered for sale are a very uniform group with many outstanding individuals by each sire. This set of bulls offers tremendous length and volume and have been carefully selected based on a desirable combination of maternal and growth traits. We continue to use Angus GS genetic testing for the bull calves and our replacement heifers for increased accuracy in genomic data. Better genomic data gives our customers more accurate selection tools and allows us better selection criteria for moving our herd forward in the direction we are aiming. The American Angus Association has added a new classification for seedstock who possess superior carcass data, the Certified Angus Beef stamp is added on the lots that qualify under this category.

Here at Wittkopp Angus we try many new sires, always working to produce functional cattle that perform in Montana range conditions. We are excited about these new genetics and the qualities they bring to our herd and to our customers. Our cow herd has been carefully developed over the past 35 years using the industry's top AI sires and purchased herd sires. The result is an outstanding set of females which are the basis of our program.

This year, we will be offering 40 top quality commercial replacement heifers at the sale. These heifers come from cows with a strong AI sire background and offer excellent maternal traits.

When considering these bulls, bear in mind that they are March and April calves. They will continue to grow and develop over the next few months. With this year's drought, the bulls came in lighter than previous years, but are gaining impressively! As always, the bulls are fed right here at the ranch enabling us to monitor them on a daily basis. Our goal in feeding these bulls is to achieve reasonable growth, yet not jeopardize soundness. After the sale, we bring the bulls back to the ranch to continue their development until they are delivered beginning May 1st.

Feel free to stop by the ranch, 7 miles southeast of Circle on Highway 200 South, to look over the bulls and replacement heifers any time prior to February 8th. Give us a call, we would be happy to visit with you about the sale offering or assist you in choosing a bull to meet your needs. The bulls will be available for viewing at the Glasgow Stockyards beginning February 8th in the afternoon. Thanks to all of you for your friendship and support of our program over the years! We look forward to seeing you sale day.

Best wishes,

Curt & Sue

Don, Michelle & Judd Carroll

Jared Murnin, Western Ag Reporter. . (406) 321-1542

Matt Wznick, Tri-State Livestock . . . (406) 489-2414

Cattle Inspection

Cattle will be at the ranch (7 miles southeast of Circle on Highway 200 S) through February 7th; the bulls will be at the Glasgow Stockyards beginning February 8th.

Fertility Testing

All bulls will be fertility tested once they have reached 1 year of age. If a bull is determined to be an unsatisfactory breeder, the seller will replace the bull with a bull of equal value, refund the purchase price or issue a credit for a future purchase.

EPDs

EPDs are as of 1/6/2022. Updated EPDs are available at www.angus.org.

Terms and Conditions

- All bulls sell under the Terms and Conditions of the American Angus Association
- Catalog, penning and sale order is determined by date of birth. All bulls will sell in catalog order
- All announcements from the auction block take precedence over any printed material
- The auctioneer has complete charge of the sale. Any dispute in the bidding will be settled by the auctioneer and his decision will be final

Delivery

Free delivery for bulls will be offered within 250 miles. All bulls will be delivered beginning May 1st unless other arrangements have been made.

First Breeding Season Guarantee

First Breeding Season Guarantee: All bulls will be covered 50% by Wittkopp Angus if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of bulls. 50% of the value of the injured bull will be given as credit in a future Wittkopp Angus sale or towards a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. ALL CLAIMS MUST BE MADE BY SEPTEMBER 15, 2022.

Online Bidding

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

One of our favorite sires over the years needs no introduction but, Barstow Bankroll offers an exciting phenotype. He is an eye-catcher, adding length and depth to any program. He has outstanding EPDs that place him in the top 3% in BW, the top 10% in CED and the top 15% for docility. He is also in the top 15% for \$F and the top 20% in heifer pregnancy. Bankroll consistently sires some of the best calves we get out of our first-calf heifers. We are impressed with both the males and female offspring he has sired in our program.

SPRING COVE CROSSBOW

+46	+1.02	+63	+010	+61	+167

This is our second offering of Spring Cove Crossbow calves. We are very impressed with his progeny. Crossbow is the perfect blend of calving ease, growth, and maternal traits in one package. Crossbow's calves are very thick across the top and carry an extreme amount of muscle expression through the hind quarters. Crossbow is in the top 2% for CED and in the top 10% for BW and \$G. We really think you'll like this group of calves and the outcross pedigree that they offer!

New to the line up this year is Connealy Legendary! Legendary is one of the new tremendous growth sires in the breed and is paired with a very moderate birth weight and outstanding carcass merit. His EPDs put him in the top 2% in \$G, the top 5% in \$C, and the top 10% for \$W and \$B. His sons offer a lot of eye-appeal, a nice hip, and great length.

Innovation is a sound-structured, well-balanced and masculine sire. Coming from a tremendous line of females, Innovation is a true herd-bull! There are no holes in his EPD values and his progeny are an impressive set of extremely deep-bodied calves with a very moderate frame. We think this is an outstanding addition to our breeding program and think Innovation's sons will be very versatile.

Cavalry was the top selling bull at the 2017 Mytty Angus Ranch sale. He offers a balanced set of outstanding EPD values combined with length and depth of rib. The bull calves have performed very well carrying length, rib depth and muscling with correct structure and a moderate frame. The females we kept out of Cavalry are a very uniform group of deep bodied heifers. They bred up very well and we are looking forward to getting those calves on the ground this spring. **7 Sons Sell**

FRONTIER LIVE SALE

This Sale will be broadcast live on www.frontierlivesale.com. To view a sale,

1. Create an account, if you have already done so skip to next step. To create a new account, click on the word **Registration** in the upper right hand corner. You must fill out the information requested. Then click **Create Account**. An email will be sent to your email account you provided. Please click the link in the email to activate your new account.

2. Once you click the link, your account will now be activated

3. At this point, you may click **Continue To Browse Our Site**. This will allow you to view all upcoming auctions.

4. Once you see the auction you are interested in, click **Get Approved To Bid** for absentee and live bidding.

5. Please enter your information in the form. Depending on the auctioneer, different information may be requested. Click **I agree to sale terms and conditions**. Congratulations! You are now approved for the auction. Now that you're approved you can participate in the auction and bid on its items.

6. Login on sale day with the credentials provided at registration.

Call 866-313-0123 for tech help.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

Yearling Heifers

Following the bull sale, we will be offering 40 commercial yearling heifers. The heifers come from cows with a strong AI sire background and offer outstanding maternal and performance traits. They are sired by our herd sires or the referenced AI sires. Buyers will take possession of the heifers on sale day.

*Special thank you to
Jana Hance for photo
contributions!*

*Thank you for attending our
34th Annual Sale!*

*We appreciate
your support of our program.*

*See you
next year!*
